

DESCRIPTION

Disc 300 Track light is the newest extension of the Disc Series. The design features both an up and down light on track that will create an interesting effect on the ceiling. It's the first direct and indirect track light from PURATI with a rotational adjustment of 350° and an angular adjustment of 90° that creates a flood beam to be turned in the required direction. This luminaire can choose between power (24W/18W/10W) and Color temp (3000K/4000K) switchable by using the switch in the installation base. Disc Track Light is suitable for Eutrac and Global 240V 3-circuit track system.
